# ST. GABRIEL *of* ATHENS

Nestled in the northeastern countryside of the Peach State is St. Gabriel of Athens – a community offering second to none accommodations for the senior living lifestyle. St. Gabriel is known as the messenger of God; our St. Gabriel program delivers the message of Caring, Passion, and Respect to all those that call our community's home. We provide assisted living and memory care services to our residents in a caring and loving environment, rich in surroundings but with all the comforts of casual living.

At St. Gabriel of Athens, our assisted living and memory care programs offer our residents and their families distinctive lifestyle choices that they will appreciate and enjoy. We understand the trust you've placed in us. Our desire is to provide an environment full of activity that fosters feelings of inclusiveness and a sense of being home.

At St. Gabriel of Athens, we believe every person has worth and is to be valued. This core Company value in delivering quality services for our Residents is the same for assisted living and memory care. Our goal is to enrich the daily lives of our Residents by providing an environment that stimulates them physically, mentally, and emotionally, and to create moments of joy.

We acknowledge that providing individualized services is fluid and Resident specific and not ever dependent on any written materials, or any set doctrine. Every Resident and their needs are different. Our team is specially trained and certified in regarding Alzheimer's disease and Dementia care. In support of this Resident-specific concept of providing care and services, we will tailor an approach to the unique needs of each Resident. We will encourage socialization, cognitive awareness, self-expression, and physical activity in a planned and structured activities program. Our approach will contain a healthy balance of cognitive, recreational, and activities of daily living (ADL) events.

Collaboration with families, Residents, and medical professionals is imperative to our mission. Providing opportunities for our Residents to exercise their mental, physical, social, and spiritual selves is core to every interaction.
