

BUENA PARK AG NEWSLETTER

Welcome to the first Buena Park Agriculture Newsletter! In this newsletter we will have updates, reminders, and reviews on past events!

Ag Recap:

First ag event for August:

On August 30th at 6 pm, we had our first Get Your Grade Night of the school year at the gym to show the students how agriculture works with their parents. They went to 4 rotations to learn about CTE leadership standards, CTE career standards, technology, and how it's all put together for grades. Students also got their free Ag T-shirts at this event to prepare for T-Shirt Tuesday's this year for CTE leadership credit.

National Officer Visit:

On August 30th, we had our first visit from Cole Bearlocher our National FFA President. The chapter officer team gave Cole a tour of all the facilities available to our ag students. He gave our students a presentation in their classes along with planning out fun activities for them. He saw our farm and our barns and was impressed with their size! After receiving a detailed tour from our officers they had a nice lunch together and exchanged their appreciation for coming.
