

JSS Madison was scheduled to resettle our first refugee family this week after nearly 6 months of no arrivals. Unfortunately, Monday morning we learned that travel for the family that was supposed to arrive this week has been cancelled because President Biden has not yet signed his ambitious [Emergency Presidential Determination](#). We know from our clients that travel cancelation can be extremely harmful. The family scheduled to arrive in Madison would have likely sold all of their possessions and given up a lease to their home in order to prepare for their trip and now they are left in limbo, in a very precarious and sometimes dangerous situation.

JSS is very hopeful that we will see movement on this soon but it is vital that President Biden sign the revised refugee admissions goal for FY21 ***as soon as possible***. Each day that passes without this signed executive action is another day that hundreds of particularly vulnerable refugees are forced to wait to be resettled.

We need your help to make sure that President Biden immediately increases the FY21 refugee admissions goal and restores regional allocations based on vulnerability. Urge the Biden administration TODAY to immediately restore U.S. moral leadership in refugee protection and resettlement. Here are the top 2 ways to take action:

### **#1: CONTACT YOUR MEMBERS OF CONGRESS**

Sample Script: “I’m your constituent from [CITY/TOWN] and [as a person of faith / refugee] I urge you to protect refugees and tell the Biden administration to rebuild the U.S. refugee resettlement program by signing the revised refugee admissions goal for FY 2021 as soon as possible. As we face the worst refugee crisis in history, each day that passes without this signed executive action is another day that hundreds of particularly vulnerable refugees are forced to wait to be resettled. The administration has already met with Congress to discuss its proposed refugee admissions goal of 62,500 for this year to meet the unprecedented crisis, and now the President must make it official. My community welcomes refugees, and I urge you to do the same.”
