

For Reflection

Both Iran and the United States have been putting strain on the groundbreaking 2015 deal to monitor Iran's nuclear program, which remains a "cornerstone of international peace and security", said the UN's political affairs chief.

Laudato Si'

57. War always does grave harm to the environment and to the cultural riches of peoples, - risks which are magnified when one considers **nuclear arms** and biological weapons.

201. The majority of people living on our planet profess to be believers. This should spur religions to dialogue among themselves for the sake of protecting nature, defending the poor, and building networks of respect and fraternity.

Fratelli Tutti

262. The majority of people living on our planet profess to be believers. This should spur religions to dialogue among themselves for the sake of protecting nature, defending the poor, and building networks of respect and fraternity.

Let us Pray

May our hearts be open
to all the peoples and
nations of the earth.
May we recognize the goodness and beauty
that you have sown in each of us,
and thus forge bonds of unity,
common projects,
and shared dreams.
Amen
