CELEBRATING COHORT 84'S CLOSING CEREMONY!

On August 8th, 2023 13 CNA & 9 PhT students of Cohort 84 graduated from Caroline Center and are starting their healthcare careers. Please join us in congratulating all the women in their success! If you missed the Facebook Live of the graduation you can watch it here!

"I want to take a moment to reflect on a question, a question many of us have asked ourselves either once in our lives or daily.. the question is why are we here? I like to refer to us as travellers on a journey and where are you towards your destination... after contemplating I concluded there are three sure things that every woman here possesses, a voice, a choice, and a purpose. We all have something of value to contribute to the world... you voice needs and deserve to be heard. All of us are born with a purpose and a reason we are in existence. Why are we here, the women of Group 84 have journeyed together and helped each other along the way. Celebrate yourselves, celebrate your victories both small and great. You excist because something inside of you is greatness."
- Ethel Jackson, PhT Class Speaker
