Trinity Episcopal Church
Photo Permission Form

I, the parent/guardian of the child(ren) listed below, give Trinity Episcopal Church permission to photograph or video my child(ren) during church activities, and to use these images in church publications (including email newsletters), on the church website, and on church social media.

- ☐ **YES** — I give permission.
- ☐ **NO** — I do not give permission.

I understand that no identifying information (such as names) will be used without my additional consent.

Livestream Notice: Trinity's worship services are often livestreamed or recorded for online viewing. Because the cameras capture the congregation and activities within the worship space, it is possible that your child may appear incidentally in these recordings. By participating in Trinity's services or events held in the church, you acknowledge and understand that livestreaming and recording occur as part of our ministry, and that it is not possible to ensure that every individual is excluded from view.
