

THE BUILDING AND STRUCTURE COMMITTEE REPORT – 10.5.2023

- The committee has been tasked to ensure the buildings and systems are running properly.
- The team had its first meeting yesterday, 10/4 and agreed on plans for next month:
- The electrical and HVAC teams will be surveying the buildings for energy savings.
- The building team will be verifying ceiling fan operations.
- We will be doing a site walkdown of all buildings and structures to become familiar with the systems.
- We will be coming up with a plan to label the network and cable switches in the electrical room.
- We will be looking into energy savings and submit them to the HOA board for consideration.
- We will be meeting monthly on the third Wednesday at 5:00 P.M. For updates, status of each area and next month's plan.
- If you have any questions or concerns, please email Carl Mossberg - mossbergcarl33@gmail.com
