

The Hartford is an exciting place to be. From actuarial science to technology to marketing, you'll find that we're redefining what it means to work in insurance. Robotics, artificial intelligence, big data, geocoding – it's all here. And even more than that, we're a company where your individual talents are embraced and applied to meaningful work. Diversity makes us stronger and it's our shared passion for helping individuals and businesses succeed that brings us all together. But don't just take our word for it, [listen to](#) what Sa'Mora Hicks has to say. She's one of our business analysts and knows exactly what it means to be a part of a company that cares about its employees, customers and communities.

We're an industry leading provider of property and casualty insurance, group benefits and mutual funds. With more than 200 years of expertise, The Hartford is widely recognized for its service excellence, sustainability practices, trust and integrity.

The Hartford is proud to sponsor GIS and to help inspire our next generation of insurance professionals. Please make sure you stop by our booth at the GIS Conference in Chicago this October to learn more about our incredible culture, career development opportunities, our benefits, including generous paid time off and the important work we do helping people and businesses overcome challenges. At the booth in Chicago, we'll be interviewing people right there and even hiring on the spot for some positions. We look forward to seeing you!
