

Great American Insurance Group is committed to helping individuals and businesses secure a healthy financial future. We are a Fortune 500 company with 30+ specialized property and casualty operations and a leading provider of traditional fixed, fixed-indexed and variable-indexed annuities in the retirement market. Simply put, we are a GREAT place to work! Learn more about [Great American](#).

Internships at Great American offer opportunities for you to experience a corporate setting, learn about the industry, develop business knowledge and be a part of our Company's success story. Great American also offers accelerated Actuarial and Risk Management and Insurance (RMI) internship opportunities. We are currently accepting applications for the 2019 Risk Management and Insurance Program. [Apply today!](#)

Rebecca Weisflog, Production Underwriter at Great American, joined the company as a RMI intern in 2017 and accepted a full-time position after graduation. "Great American offered the perfect 'outside the classroom' learning experience. Through projects and mentorship, the RMI internship gave me a comprehensive understanding of the insurance industry, which ultimately helped me determine which area I wanted to pursue for my career. It was with no hesitation that I accepted a full-time position as a Production Underwriter for its Strategic Comp Division. Since then, I've received hands-on training and am provided daily opportunities to add value to the company. Outside my day-to-day underwriting tasks, I've worked on several projects related to loss reserves, actuarial, account management and loss prevention functions, which gives me exposure to some of the other functions of the business."
