Request Form For Students Attending A Nonpublic School ~ School Year Ending June 2018

The State of Minnesota has authorized local public school districts to loan textbooks, standardized tests, and individualized instructional materials to pupils attending a nonpublic school that is established and operating within their local school district boundaries. The materials must be secular in nature, and designed primarily for individual use by the pupil in a particular class or program in the nonpublic school the pupil regularly attends. Further, the State of Minnesota has authorized local public school districts to allow pupils in secondary nonpublic schools access to the existing district Health Services and Secondary Pupil Guidance and Counseling Services programs. All of these services must be requested by or on behalf of the pupil no later than September 15.
