

## The Caring Committee needs help!

**We need people during the summer – starting next week - and into the fall**

Are you looking to **connect** with Temple members and help strengthen our sense of family within Temple Sinai?

The Caring Committee reaches out to support Temple members during life changing events; for a death, or a significant illness, and we hope to include happy events: a birth or a special milestone.

**This is at the heart of what it means to be a member of our temple family. It is comforting to know that both in times of rejoicing and in times of sadness members of the temple community care. But we cannot do this alone. We need your help.**

**You can participate as little or as much as you would like, from a two week commitment (which is mostly phone calls and notes,) or just for an occasional meal or visit; to help update our email list, gather info about new babies, or to be a backup person.**

We have the website below to sign up for two week commitments, and you can contact me if you'd like to participate in any other way. Your help is very much needed and appreciated.

**Please sign up! Here's the link with more info, too:**
