

SUNDAY SCHOOL SCOOP

In Sunday School, we followed Abraham and Sarah's family tree to Isaac, to Jacob, and then to Joseph and his brothers.

We enjoyed exploring how Jacob wrestled with God and learning about Jacob's family. We acted out Joseph in his beautiful coat of many colors dreaming "crazy" dreams and wondered about Joseph's family's emotions in response to Joseph's dreams.

On Reformation Day, we encountered our puppet, Martin Luther, who talked about his life. And we experienced various aspects of his life by nailing the 95 Theses to our church bulletin boards, tossing indulgences, finding the five solas, coloring the Luther rose, and racing up and down the floor in our bible smuggling relay and our Diet of (gummy) Worms relay.

We also worked together to stuff 84 Halloween goody bags for our friends who are part of the Maynard Backpack Program.

These experiences help us to connect to the stories of God's love and also to build relationships with each other.
