

2019 Bio

Frank Baeumler, Vice President, Mate Precision Tooling Inc.

Mate Precision Tooling is a world-leading manufacturer and provider of tooling solutions for sheet metal fabricators including CNC punch press tooling, press brake tooling, laser consumables and accessories with sales and distribution in more than 80 countries worldwide. Mate Precision Tooling was founded in 1962, is a privately held family business and has its headquarters in Anoka Minnesota.

During his 31 years at Mate, Frank has served in various senior leadership positions including, and relevant to the topic of this German American Chamber of Commerce event, Managing Director of Mate Precision Tooling GmbH, a Subsidiary of Mate Inc. from June 2006 to December 2010.

Prior to joining Mate he worked four years as the Education Coordinator for Export Development at the Minnesota Trade Office, a Minnesota State agency now part of the Department of Employment and Economic Development. He is an avid downhill skier having raced at both the amateur and professional levels and was head coach of the British Royal Navy Alpine Ski Team for two years.

Born in Nuremberg, Germany and fluent in German, he holds a B.A. in International Relations from the University of Wisconsin and an M.A. in International Relations from the University of Wyoming.

He is a current member of:

- Minnesota District Export Council
- Association for Manufacturing Technology
- Fabricators & Manufacturers Association
- Society of Manufacturing Engineers
