

JUST ONE DAY OF YOUR LIFE CAN CHANGE SOMEONE ELSE'S FOREVER!

On **October 16th, 2023** American Red Cross volunteers, fire departments and partners will install free smoke alarms in South St. Paul and West St. Paul, Minnesota.

Working smoke alarms can cut the risk of death from home fires in half. That's why we're rallying volunteers to ~Sound the Alarm~. Experience a rewarding day connecting with other volunteers and the families you'll help.

Visit soundthealarm.org/mndaks to volunteer or sign up for free smoke alarms
