NEW SPACES HONORED WITH TWO DESIGN AWARDS AFTER RECENTLY LAUNCHING EXTERIORS DIVISION

[November 27, 2023– Edina, MN] – New Spaces Design-Build Remodeling, a leading 2nd generation remodeling contractor serving the Twin Cities since the 1980's, has recently received two recognitions, one from Housing First's ROMA (Remodeler of Merit Award) Awards and the other from the NARI MN CotY (Contractor of the Year) Awards.

New Spaces received the 2023 ROMA Award for Interior Remodeling in the "Under \$200,000" category and the 2023 CotY Silver Award for Residential Exterior Remodeling in the "\$100,000 to \$200,000" category. This is notable considering New Spaces officially launched its exteriors division just a few months ago. This project was one of the first exterior projects the firm has completed. This Chanhassen-based family is currently undergoing their second interior project with New Spaces. [Get a behind the scenes look at this renovation.](#)

The project that received the ROMA Award was completed for a family of four in Plymouth that were living in a home completely drenched with golden oak. As their little ones grew up, their home no longer accommodated the new wave of elementary school projects and homework that was now their reality. After a few tough and dispersed years, the family reached out to New Spaces in a cry for help. [Hear their full story here.](#)
