About the Initiative

Support Center has capacity building funding from DYCD to provide governance-related support to DYCD-funded organizations. Our efforts include additional programming and assistance around addressing and increasing board diversity.

About the Panel

The Stronger Together: How to Create and Maintain More Diverse Boards panel will highlight recent research from BoardSource, Support Center's *Governance Field Review* and the work of the NYC Nonprofit Board Development Coalition around board diversity and current efforts underway to build more diverse boards. Participants will also learn about the resources and organizations that can help to identify, recruit and onboard new board members.

LEARNING GOALS:

- Understand current research and trends around the diversity of nonprofit boards.
- Generate ideas for how your organization might look to expand and diversify your board.
- Share resources and contact information so that attendees have concrete next steps and are clear on which programs and organizations can be of assistance.
