

## What is our current membership model?

Members are told the fixed dues amount for one of the 11 categories we have based on age and number of adults in the household.

- Those in need of financial assistance can request an abatement of their dues.
- Our Annual Sustaining Campaign and Voluntary Donation (\$180) both supplement our dues by those members who give above and beyond their fixed amount.
- An annual security fee is added to all households as well as separate fees for events and programs as they arise.

In this model, members make a variety of contribution amounts for membership.
