Sacred Heart School of Montreal and Concordia University Launch Landmark Partnership

Montreal, May 1st, 2026 – The Sacred Heart School of Montreal, the city’s oldest all-girls school, is proud to announce a new five-year partnership with Concordia University, one of Canada’s most innovative and future-focused institutions. Under the agreement, Concordia University will provide graduates of the Sacred Heart Grade 12 program with accelerated admissions review, prioritized application processing, and a guaranteed admissions pathway to most undergraduate programs. Students will also benefit from a variety of other admissions support, including an annual on-site application day, personalized follow-up meetings with Concordia recruiters, and tailored academic guidance as they explore programs of study.

Reflecting Concordia’s commitment to innovation and Sacred Heart’s tradition of academic excellence, the partnership includes four annual on-site academic enrichment sessions led by Concordia faculty and two annual campus exploration days, one at the downtown Sir George Williams Campus and one at the Loyola Campus, giving students in Grades 10 to 12 direct exposure to university-level learning and campus life. Sacred Heart students admitted to Concordia in the fall term will also receive guaranteed access to Concordia’s student residences.

In recognition of the continued growth and success of the Sacred Heart Elite Basketball Program, Concordia is also offering dedicated opportunities for student-athletes, including an annual meeting with the head coach of the Concordia Stingers women’s basketball team and access to athletics facilities.

“This partnership brings together the best of Montreal’s educational landscape: the heritage and heart of Sacred Heart, and the innovation and forward momentum of Concordia,” said Patricia Briand, Head of School at The Sacred Heart School of Montreal. “It is a natural pairing, one that honours our history while opening new doors for the next generation of young women leaders”.

For more information about Sacred Heart’s Grade 12 Program, please visit sacredheart.qc.ca or contact Brigitte Weil, Grade 12 Program Director at brigitteweil@sacredheart.qc.ca.
