HEALTH & WELLNESS PRODUCTS

LIVE LONG · LIVE WELL · LIVE YOUNG

A note from  
LifeWave Founder and CEO

# David Schmidt

While it's true that you only get one precious life, it's also true that there are many ways to make yours long and meaningful. If you can dream big, just about anything is possible, and we believe LifeWave is a wonderful place to start.

With a primary focus on helping people around the world live healthier, more personally enriching lives, we've been making dreams come true since 2004. And it all begins with natural wellness products that help people look and feel their very best.

But our products can also become the foundation for owning and running a successful LifeWave business on your terms. With unmatched flexibility, you can work a few hours a week or dedicate more time depending on your personal goals and availability.

So, no matter what path you choose with LifeWave, I encourage you to join our global community and live your one precious life to the fullest. Begin your journey today.

*Live Long. Live Well. Live Young.*

Sincerely,

# ABOUT LIFEWAVE

## OUR MISSION

We are committed to helping people live long and live well with health and wellness solutions designed to redefine the future of human potential.

## WHO WE ARE

Driven by innovation and proven by science, LifeWave is a breakthrough life technology company dedicated to honoring the light of life.

As we began thinking differently about light and the possibilities of phototherapy, we were inspired to explore the potential of earth's oldest natural resource. With a noninvasive wearable patch, we discovered a way to harness visible and infrared light and tap into the body's natural energy reserves.

## OUR PURPOSE

Beyond helping people find a healthier way to live, LifeWave's purpose is to empower people to live in the light with life technology that enhances and extends lives. It begins with natural energy and the ability to get out and move your body. Faster recovery, improved performance, and prolonged activity contribute to a healthier lifestyle. This creates a wellness connection of mind, body, and spirit, which improves so much more than just physical health.

## OUR FACILITIES

At LifeWave, we're proud to manufacture our patches in our own facilities. This direct oversight allows us to maintain complete control over the production process, ensuring precision, consistency, and exceptional quality in every patch we make.

## DIRECT SELLING: A WORLD OF OPPORTUNITY

Often referred to as the original social network, direct selling has been a proven business model for over a century. In fact, hundreds of direct selling companies, many of them household names, help people around the world find the freedom and independence they've always wanted.

But perhaps what's most important is that anyone, regardless of their background, can start his or her own LifeWave business and quickly hit the ground running.

That's because we handle the challenges that prevent many people from making it on their own:

- Manufacturing of exclusive, breakthrough products
- Providing top-notch marketing support
- Thorough, caring Customer Service support
- Timely, accurate order fulfillment
- Dynamic worldwide events to educate, inspire, and motivate
- A dedicated Sponsor providing ongoing support and a proven roadmap for success

# 20 YEARS OF PRODUCT INNOVATION

# CONTINUED PRODUCT INNOVATION

When LifeWave began back in 2004, even the most optimistic of projections fell short of our reality nearly 20 years later.

In addition to the millions of people who have benefited from our patented life technology, countless more have felt the embrace of the worldwide LifeWave community, experienced the lasting impact of greater financial opportunity, or received a helping hand as part of LifeWave's commitment to humanitarian advancement.

And it all began when, as a young boy, David's parents took him to visit the workshop of Thomas Edison. From that day forward, David knew he wanted to be an inventor—even more than that, he knew he wanted to change the world.

## SCIENCE + INNOVATION

David fueled his entrepreneurial endeavors by combining the reality of science with the imagination of innovation. Harnessing light, he discovered a life-

transforming patch technology that reflects visible and infrared light back into the tissue. That initial patch is now known as Energy Enhancer®. In 2002, a patent was filed on this pioneering, non-transdermal technology.

Two decades later, LifeWave's incredible line of wearable wellness life technology and accompanying products are sold in over 100 countries across the globe.

Since the genesis of LifeWave's first Energy Enhancer® patch, we have gone on to develop additional patches that provide life-changing benefits.

## LIVE LONG, LIVE WELL, LIVE YOUNG WITH LIFEWAVE

LifeWave is continuously surpassing product innovation and business success milestones and continues to experience record-breaking sales year after year.

With its global headquarters in the United States, LifeWave now has offices in Ireland, Mexico, Canada, Taiwan, Philippines, Japan, Malaysia, Thailand, South Korea, Singapore and Indonesia, with continued infrastructure growth and market expansion expected. After two-decades, LifeWave is on a growth trajectory as ambitious as that momentous day back in 2004 when David's boyhood dream became a reality.

LifeWave isn't just changing the health and wellness

industry, but the reality of regenerative technology and the future of human potential.
