SKEET SHOOT - OFFICIAL RULES

REGISTRATION

Registration will begin at 8:30am. Shooting will begin at 10am. Please plan to arrive NO LATER THAN 9:30am so that registration may be completed on time and to attend a safety briefing prior to shooting. Lunch will be served at 12:00 pm.

Shooters under 17 years of age must be accompanied by a parent or guardian.

Shooters must provide their own gun. Please specify on registration form whether it will be 12 or 20-Gauge.

All Shooters MUST sign a Waiver of Liability prior to start of the competition.

COMPETITION

No consumption of alcoholic beverages will be allowed during shooting hours.

Gun actions will be open at all times on premises, EXCEPT when on post ready to fire. When the gun is loaded, keep it pointed down range at all times. Gun actions will be open and shells removed when changing posts.

If the gun malfunctions, keep the muzzle down range at all times while opening the action.

A shooter will NOT be allowed to make gun repairs while in the post. The shooter may use a backup gun or a team member's gun to finish the event.

No choke changes will be allowed once a shooter begins on post.

If your gun does not fire for any reason (misfire, safety on, not loaded, gun malfunction, etc.) when a called for target is released, the target or targets will be counted as LOST. In case of "REPORT" doubles, if no shot is fired at the first target, a second target will be thrown when the first target hits the ground. The Shooter may fire at the second target when ready.

Call "PULL" loudly when calling for a target.

If a trapper has to make repairs on thrower, open action and remove shells while on post.

Each squad of individuals may be allowed to see one legal set of targets from each trap before shooting at that station. Only the shooter will be allowed in the shooter's box while shooting. The remainder of the group is required to not infringe upon the shooter's line of fire or field of view. The leadoff team will continue to rotate at each station.

Covey Rise's targets are not exact patterns and are thrown to imitate hunting conditions. A legal target is a whole clay that is thrown from the trap in a prescribed flight pattern within the three-second time limit after the participant calls for the target. Flight patterns are not exact and may vary in windy or rainy conditions. A legal target is one that resembles the general flight pattern and is not broken.

This is an amateur competition. Professionals may shoot in the competition but they will not be eligible for prize consideration. Any discrepancies will be resolved by a judge's panel.

SCORING

Scoring will be done by each four-man team and overseen by team captain (scorer) and tournament officials.

Only legal targets will be scored and the scorer will be the judge of whether or not a target is broken.

Legality of targets, and whether or not the target is broken, is the responsibility of the scorer.

Only targets with a visible piece broken off will be scored as dead. Birds deflected in flight or dusted (but with no visible piece or breakage) will be scored as lost.
