

Christmas Toy Shoppe Collection

Would you like it if you woke up on Christmas morning with no presents under the tree? I know I wouldn't. Sadly, there are many kids here in St. Pete who do not receive any presents on Christmas. We are on a mission as a school to help provide toys, books, and puzzles to underprivileged kids here in St. Pete. We would like to ask each class to donate as many toys as possible. They can be new, or those that are gently used. Eventually, they will be given to the Christmas Toy Shoppe who will clean and/or repair the items that are not new. By Christmas, the Christmas Toy Shoppe will deliver them to underprivileged kids in our community.

Our school goal is 500 toys, books, and/or puzzles. We are hoping that each member of your class could bring in at least two items, new or gently used. Each item will be worth a certain number of points depending on its size, quality, and value. The classes who reach their class goals will win a free dress down day.

So start collecting toys, books, and/or puzzles that you don't use any more, or maybe even purchase an item that you would like to donate to kids in need. Let's complete this mission together!

Gobble Grams

Yes...it's Gobble Gram season!! Students and parents can purchase Gobble Grams for \$.50 each, and send them to a friend or parents can send them to their children. Just write a short note, and a small treat will be attached to the Gobble Gram for that special person. Gobble Grams will be sold in the mornings, in the Parish Center, and in the afternoon by the Science room through Thursday, November 16.
