____ **Total Donation \$250**

We had an amazing turn out last year for our first year of the Think Local First Day event and we need this event more than ever this year. The date will be determined by when COVID-19 regulations allow. Your Sponsorship will allow us to give this event to our downtown community and offer them marketing materials, bags and swag the day of for no cost to them. The planning of the event will also be decided as we receive more information as time comes. We appreciate you being able to still Sponsor during these times.
