

INFORMATION on the Little Library at Hilton Christian Church
James River Dr

The Little Library is a project of The Woman's Club of Newport News, a member of the General Federation of Women's Clubs. This International organization is the largest female volunteer organization in the world with over 100,000 members worldwide. The Woman's Club of Newport News, founded in 1911, is committed to focus on education. With that said, we spend time in the schools, work with our local library, participate in bookclubs and collect books for donation. In addition, we decided that the location in front of Hilton Christian Church was a perfect location for The Little Library. The location of this Little Library is registered with The Little Library Foundation. If you go on that site you can locate a Little Library in many places across this nation. The notion of take a book, leave a book was an attractive one for The Woman's Club of Newport News. We meet at Hilton Christian Church, and with their full support, put the library in its current spot. Through the kindness of our members, the church and the neighborhood residents, we have almost reached our goal of collecting 500 pounds of plastic to obtain our free bench from The Trex Company. This bench will be located near The Little Library so residents and members can enjoy the library books even more.
