- **Participants:** Chief of Department/Hose Tender 22/Engine 22/
 - Battalion 8/Division 2/SFPUC/SFFD Command Staff

JOINT EXERCISE OF THE SFFD AND SFPUC

The San Francisco Fire Department regularly tests various equipment and deployment strategies with the SFPUC for emergency preparedness.

The SFFD and SFPUC will be performing an operational test at Sunset Reservoir to demonstrate the utility of Hose Tenders to relay water in the event of water system failure/conflagration.

There will also be a hands-on demonstration of the new Kubota piping and a presentation of the current state of the implementation of the ESER 2020 bond.

This will be done as a joint agency exercise between the SFFD and SFPUC.
