

## January 2019 Special Program Offer

### Strategic Leadership Retreat

There are several advantages to having a Turknett strategy coach help design, plan and facilitate your next senior team strategy retreat. A TLG strategy coach provides tools and best practices that **accelerate strategy-setting and execution**. Our experienced facilitators manage meeting dynamics, keep the team on task and energy level high, and build consensus. This enables attendees to concentrate and participate fully in the meeting and not worry about the process. Our coaches ask questions the team may not otherwise consider and point out blind spots and biases.

A TLG strategy coach will enhance business and cultural alignment, and augment cohesiveness within the team, thus fostering mutual accountability, and take existing collaborative leadership to a higher level. 2019 is expected to be a volatile year. What better time to schedule a Turknett facilitated strategy retreat.

**Program: Strategic Leadership Retreat**

**Designed for: C-Suite Team**

**Duration: usually designed for one full day**

#### **What's included in the Offering:**

1. **Interviews** - we have found that pre-conference interviews, surveys and other 'homework' assignments increase the effectiveness of the conference.
2. **Conference Design** – we work with the team leader or their designee to design a meeting that typically includes three steps: visioning, 'de-risking' and action planning. Reaching agreement on action plans and decision rules (i.e. contingency plans) is our primary goal. Team-building is another goal and we can add a fun and meaningful activity.
3. **Conference Facilitation** – our strategy coaches keep the meeting on track, harness the power of the team and ensure proper closure.
4. **Post-conference Feedback** – we collect and document feedback after the retreat, and provide recommendations for next steps based on findings during meeting and feedback received.

Pricing and timeline will be determined based on size of the group and other factors. References are available upon request.

Please contact [TMantella@turknett.com](mailto:TMantella@turknett.com) to explore this special offer, and a member of the TLG team will respond back to you within 48 business hours.

Thank You,

**Tino Mantella, Pres & CEO Turknett Leadership Group**
