Background

Inspired by story heard in a taxi, Bright Lights Ministry is in honor of a woman, unhoused, who received a bright green hat and mitten set one Christmas Eve after a community meal at a church. She told of how much the beautiful, brightly- colored hat meant to her, that she felt seen, loved, and acknowledged. With our work, we extend warmth to people who have a life on the street.

Your hands make a difference

Join in for the annual Bright Lights ministry and help bring some warmth to our neighbors in Philadelphia.

The 2025 supply of hats has been fully distributed--we need your skills for the 2026 drive.

Please help us reach our goal!
