“Seek first to understand, then to be understood.” Steven Covey

***Continued from the first page:***

I had a chance to talk to our student leadership group this week to support their concerns about masks and our cell-phone free environment in hybrid. Please encourage your children to continue to “seek to understand” as they question some of the rules and decisions they are asked to make in our ever-changing world. I appreciate the conversations that I have been able to have particularly those where we agree to disagree. In every interaction that our office has had with students this week, we both have left, heard, informed and better understood.
