## **From the Principal's Desk**

We hope everyone enjoyed a well deserved break. As we enter back into Distance Learning, we want to remind everyone the importance of keeping cameras on as much as possible as well as the necessity to provide a distraction free environment for students. It is a challenging learning modality and we want to ensure that students are set up for success as much as possible. Best of luck to everyone and we all hope we can see students back on campus soon!

## COMMUNITY SERVICE OPPORTUNITIES

As we move along the year we want to remind you that the Community Service requirement for all the HS students still stands despite the current situation we are currently living in. This year we have focused on providing online opportunities and here is a list of activities that your teenagers can currently get involved in to work on their service hours. If you click each link it will open a PDF with the description and further information of each opportunity:

- [Arts, Crafts & Science Activity Kits for La Casa de la Madre y el Niño](#)
- [Read Alouds for CFNG](#)
- [Informational Booklets for La Casas de la Madre y el Niño](#)
- [CHA Youth Summit by Mikva Challenge](#)
- [PS Reading Buddies](#)
- [Recycling Club](#)
- [Sages & Seekers Program](#)
- [Smithsonian Digital Volunteers](#)

We understand that there might be students who are not interested in any of the opportunities that we have been providing, so there are two other things they can do to work on their hours. First, they can reach out to Non-Profit Organizations (NPO's) that offer volunteer opportunities. Here is a [list of the NPO's](#) that are already approved or recommended by the Community Service Office at CNG. For students to work at a NPO not listed in the document they need to complete a pre approval form before they start working with the organization. Second, they can propose their own community service project and in this case they will need to provide a detailed project plan to the Community Service team to be evaluated and approved.

Every week we are posting service opportunities in the HS Student News, so we invite you to check them with your teenagers. In addition, keep in mind that they need to turn in the corresponding paperwork for each activity for hours to be validated and uploaded to skyward.

There is still time this semester for successful completion of their hours!

## TEACHER AND COUNSELOR APPRECIATION

As you know, teachers and counselors are a critical part of student success. We have some amazing teachers on our faculty and we like to celebrate them! We have been asking for students to fill out the [Teacher and Counselor Shoutout form](#) and teachers have really enjoyed receiving these positive messages. We thought we would make the opportunity available to parents! If you have a compliment/celebration/congratulations that you would like to share with a teacher (it can be done anonymously), please fill out the form so we can get them the recognition they deserve.

## STUDENT RESEARCH PROJECT

One of our AP Research students needs some support with her research on Eating Disorders. Take a look at her project [here](#) and please consider giving consent for your daughter to fill out the anonymous survey. Thank you in advance for supporting our young researchers!

## Reminders

### DAILY WELLNESS CHECKER

[Daily Wellness Checker](#) - we need your help to ensure that this form is being completed daily for each one of your children. Thank you for your support!

### ABSENCES AND MAKE-UPS

You may have received an email recently from the High School Office saying that your teenager had excessive absences in one or more classes that will need to be made up for credit. If you received this email, but are not sure what it means, please reach out to your teenager's associate principal. Making up these classes is an important requirement and if it is not done, it could lead to a student not receiving credit for the course. Please help your teenager avoid this!

### GATE PASSES

We remind you that Gate Passes must be filled out before 12 noon every day to give us time to make the necessary adjustments and follow all our security protocols. We thank you for your attention to this issue.

### FIRST WEDNESDAY COLLEGE COUNSELING MEETINGS

Below is the schedule of topics of the First Wednesday College Counseling meetings. The meetings are at 8:00 a.m. and this will be [the zoom link](#) for those meetings. If you would like to see previous meetings, you can check them out at [this link](#).

Apr. 14	Ranking & GPAs: Basics Info
May 5	Transitioning into College (Senior Parents)

### CONNECTION ISSUES

Please note that if your teenager is having connectivity issues and cannot connect to any class we need for parents to send a note through Skyward. The protocol is the same as if they were absent for an on-campus class. In addition, if they are having

issues with their account or their zoom platform, they can visit the [Virtual Fishbowl](#) for support.

### **COMMUNITY SERVICE OPPORTUNITIES**

Every week students receive information on the different service options that they can sign up for in the HS Student News. We invite parents to ask their teenagers what plans they have to get involved this year and serve others. Maybe you can review the options together and consider what the best fit would be?
