From the Principal's Desk

Thank you to all of you who have participated in Q&A sessions, sent questions or comments about all the Hybrid Learning information. It really is very helpful for us to develop the best possible program. As we approach the start of the Hybrid Learning model, I want to remind you that this is Hybrid Learning 1.0. In other words, we are leaving the possibility open after the first module to make some changes if something is not working well. Overall, many hours have been spent considering the various perspectives and all the “moving pieces” and we think we are close to an ideal setup for Hybrid Learning. We are excited about exploring this next evolution of learning at CNG together!

This week's High School news

HYBRID LEARNING INFORMATION

Here is [a document](#) that outlines the benefits of sending students to campus. We would also like to direct you to this [Q&A document](#) that we developed based on all the questions you asked at that time. Thank you for helping us think of questions that may not have been obvious to us and for helping us know where the main concerns are among parents.

OPT-IN TO HYBRID LEARNING

At this time we have 320 High School students opt into our hybrid model. On Monday, families should be receiving information about their Group (A or B) assignment. The task of making these groups is not simple and we appreciate everyone's understanding once the decisions have been finalized.

ZOOM Q&A SESSION

This year we will continue with our weekly Zoom session for parent questions and concerns. During these sessions there will be a couple of anecdotes or explanations from the Principal, followed by a Question & Answer time. We are usually done in 30-45 minutes. You can join at the below link:

Thursday October 22nd, 9:00 a.m.

COMMUNICATION FLOWCHART

We would like to remind you of the [Communication Flowchart](#) that should guide you when opening up communication with the school. By using this flowchart, we can ensure efficiency in communication and that the most relevant person is involved in any concerns or questions.

CNG MASKS

There have been questions about which masks can be worn at school once we start Hybrid Learning. It has recently been decided that there will be a few options for masks. At Caracolitos they have CNG masks available, which is the preferred option. Other options will be shared with you once providers have been determined. More details to come.

OCTOBER 23RD - ASYNCHRONOUS LEARNING DAY

We continue to receive positive feedback about our Asynchronous Learning days and we believe that these days are a great way to support our students in keeping up with the difficult demands of our current Distance Learning model. With that in mind, we let you know that on Friday October 23rd we will have an Asynchronous Learning day. As always, this is not intended as a free day or a holiday and we ask that you please support your teens by not making travel plans and by having a stable environment for them to get work done on that day.

We will also be using this day to do some virtual training for students who are intending to go to campus during Hybrid Learning. More details about this to come.

UNIFORMS DURING HYBRID LEARNING

Please note that students will be expected to be in full uniform during Hybrid Learning while they are on campus. Caracolitos on Calle 93 is open and they also have delivery service. Now is a great time to look through your teenager's uniforms and see if they have enough items to start school! Thank you for your support on this. In addition, we are looking at most likely doing an OODC day every Friday that we are on campus. Here is a reminder of the [uniform expectations](#) at the High School.

THREE WAY CONFERENCES CHANGE OF DATE

Please note that Three Way Conferences in the High School have been moved to Wednesday November 11th. More information will come, but they will be done like last

semester, which is online and by sign-up. More information will be sent closer to the date.

COMMUNITY SERVICE OPPORTUNITIES

Every week students receive information on the different service options that they can sign up for in the HS Student News. We invite parents to ask their teenagers what plans they have to get involved this year and serve others. Maybe you can review the options together and consider what the best fit would be?
