

## **Weekly Note from PS Administration** **February 08-12, 2021**

### **Dear Primary School Parents!**

We were happy to see our little ones at the Assemblies. Thanks for joining us.

It's been almost a year since we closed school thinking it would be a few weeks. WOW! The excitement of reopening our Module 5 for Hybrid is felt everywhere. Teachers are ready to welcome our students back on campus and we are sure so are you. We are looking forward to next week.

Thank you for your continuous perseverance and solidarity.

Donald and Paula

### [Changes to DL and Hybrid Schedule](#)

This Monday, February 08th there will be an important change in our schedule. School day will begin at 7:00am and end at 1:00pm. This week, we will be slowly transitioning to this schedule so parents and students can get a sense of when they will be logging in.

We know changes, especially in these times, are not easy but please know we are here to support and help you every step of the way.

### [Unexcused Absences](#)

One of the challenging pieces about Distance Learning is the lack of time we have with students. It is very important for ALL students to make sure they are connected at all times during teaching. They need an appropriate learning space with school materials and please make sure wifi is working well.

Students who connect from their cars will be marked with an unexcused absence. Same with students who are at their farms and the internet does not work. We understand there might be issues at different moments with connectivity, but we need to ensure that this does not become an everyday problem for your children in order for them to take advantage of every opportunity.

Students need to connect to all synchronous blocks.

### [Learning Supplies](#)

Teachers will be sending a must have list of school supplies needed for students to be able to work from home and/or their farm. Please make sure to take them with you in case you go to a different place.
