PHANTOMS NEWS

OCTOBER NEWS LETTER

In the Classroom...

This month, cadets have been tested over numerous basic knowledge. The tests so far have included ranks, cadet and enlisted, phonetics, and core values that are said every day before class begins. Knowing basic knowledge is crucial for cadets, as our annual unit inspection is quickly approaching.

Cadets are currently preparing for the Veterans Parade on November 2. Every other day, they are dedicated to practicing their marching in the

aux gym with their flight. They are slowly learning and getting the hang of certain drill movements whilst staying on step. Flights are also teaching first-years how to properly wear their new OCP uniforms. Being in regulations and wearing the uniform correctly is an important part of being a good cadet, as the OH-012 Phantoms represent the US Air Force each and everyway.

WOODWARD ASSEMBLY

Thank you to Woodward for having the OH-012 Phantoms at your assembly. Cadets gave a recruitment overview and presented colors at the assembly on October 24.

HAPPY BIRTHDAY, MAJOR!

Congratulations to C/ Lehart for taking on the position of Raider team commander! So far, C/ Lehart has commanded two events, he does a great job keeping everyone prepared for the next challenge.

RAIDER TEAM COMMANDER

Raider Team Leads the Way for OH-012

The OH-012 AFJROTC Raider Team competed in three events this past month. Cadets have put in a lot of effort and have gotten better within each competition. There has been many non-raider team cadets join and cheer the team on.

"I had FOMO when I couldn't attend the Beavercreek meet. I love cheering my friends on," C/ Roman said. The Raider team competed at Wayne, Knox County and Beavercreek during the month of October,

competing in a total of 23 different events including tower climbing, rucking, and obstacle courses. Cadets are currently still training every Monday until the last monday in November and will continue in spring. Our Raider team perfectly embodies the core value of "Excellence in all we Do," as they lead the way for our unit.

GET INVOLVED!

Drill Team, Colorguard, and Raiders have been progressing with their practices each and every week. LDRs are a great way to get more involved with the program and make friends with cadets from different flights.

UNIT INSPECTION

The annual Unit Inspection is predicted to take place on November 17 2025. This inspection will require all OH-012 flights to be present. Before the inspection, cadets will conduct the 30 step drill sequence, which will also be inspected. The unit will be inspected by members of the United States Air Force based on our uniforms, knowledge, and classroom. All cadets with exception of opt-outs are required to come prepared, groomed, and dressed correctly in their OCP uniforms.
