# THE Play Palz DIFFERENCE.

***We believe children are the hope for tomorrow  
and were giving them their best start today!***

Play Palz 101, Inc. opened in March 2008 has grown a little since then, opening our second site in 2011. We now care for more than 375 children in the community. We have grown by Care & Concern, Respect, always addressing needs no matter how big or small, and putting children first.

Our company feels like home because it employs 14 of our closest family members. Through these family members we are able to deliver the care we desire each child to receive daily. To us, our clients are family.

Play Palz has the availability to suite almost any child's needs and we can do this by having a full time nurse on staff and specialized teachers with very extensive backgrounds. We can accommodate almost any need.

Our veteran site in Bourbonnais has been expanded to its max and currently has 9 classrooms available. Within those classrooms 4 of them are dedicated to preschool. Each preschool has a different feel and meets a need. There are *Beginners*, *Advanced*, a *Preschool for All*, and a *Special Needs* preschool. We also have two different classrooms for two's. A regular sized classroom and a smaller room for those on the fast track. We also have an *Infant Room* full of loving and attentive staff, a *Toddler's Room* made for exploring, and a *Before & After School* room.

Our newest site in Kankakee currently has seven different classrooms including three preschools all with different themes, an *Infant*, *Toddlers*, *Two's*, and *Before & After School* classroom and a *Summer Fun Camp*. This building is exquisite and filled with inviting colors and friendly staff.
