

Labor Notes 2020 with Region3!

Throughout the country teachers have been standing up for their schools AND WINNING!

How is it happening? How are educators flipping the scales of power and fighting for their schools? How do we create a plan that works for Wisconsin? How do we bring teachers, paras, ESP, and community together to stop the attack on public education?

We start by working together!

Labor Notes is a conference happening in the Chicagoland area that teaches union members the building blocks to create effective campaigns and increase membership. Most importantly Labor Notes provides the space to hear best practices and strategize with folks from all over the country!

WHEN: Friday, April 17 (after school) - Sunday, April 19th

WHERE: Hyatt Regency O'Hare at Chicago's O'Hare Airport

Region 3 is accepting applications for 4 members to attend the conference including transportation, lodging and food!

Create a short (2 minute) video answering the following questions:

How do you recruit new members?

What are some of the challenges you have faced within your union?

What does collective action mean to you?

What are you excited to learn more about and

how do you think it will affect what your local union is concerned about?

To learn more about Labor Notes conference you can review 2018's program here:
