

Solidarity Seminar

Now in its third year, Region 3 is excited to bring together members from all over the region for a half-day workshop to build the skills of union advocates! The seminar is a place to learn new skills, refresh old ones, meet your fellow union members, and create a plan to invigorate your local.

This is a valuable space to learn:

- How to have an active role in your union that shapes the work we do to create the change we want to see.
- How to bring your coworkers into the conversation about solving problems and improving working conditions.
- Weingarten Rights– what are they and how are they violated?
