Retired Educators.

Caring about Students

We may have retired, but that doesn't mean we stopped caring about public education. We advocate every day for the children in Wisconsin and America's public schools.

Caring about Public Education

We believe in education and in supporting educators – retired, current, and future.

Caring about Each Other

In coalition, we protect what we have worked so hard to earn in a lifetime of educating, including:

- ▶ Wisconsin Retirement System
- ▶ Social Security Benefits
- ▶ Retiree Health Care Benefits

State and National Connections

WEAC Region 10/Retired is the ONLY Wisconsin retiree organization affiliated with the strength and connections of the National Education Association and the Wisconsin Education Association Council, its Regions, Urbans, and Local Associations.

25 Chapters in Wisconsin

We have 25 Wisconsin chapters, so finding an association home is convenient and easy. And chapter membership is transferable, so we keep up with your every step.

Time to Connect

Membership provides opportunities to attend our Annual Meeting and Conference, as well as national, state and local meetings, representative assemblies, conferences, seminars, and workshops.

Advocate & Connect.

Protecting the WRS

When the state legislature raided the Wisconsin Retirement System, the Wisconsin Supreme Court ruled the raid illegal and ordered the state to repay the money, plus interest. It was our organization that fought for 10 years and invested 5,000 hours of legal work in the case to protect retired educators.

Today, WEAC Region 10/Retired continues to be vigilant, working with the Wisconsin Coalition of Annuity and other like-minded groups to preserve the integrity of the WRS so educators have secure futures after dedicating a lifetime to students.

Engaging our Communities

Our members believe in getting into the community to bring forward the promise of public education and build awareness when harmful policies threaten students.
