Leadership Boot Camp

The Zone Challenge

Get your members energized and you can decide when and where the Leadership Boot Camp will be held!

In June 2016, 19 members representing 13 different Region 3 Locals attended our first Leadership Boot Camp and found it very helpful! We marketed this 1/2-day workshop to newly elected officers, building reps, appointed leaders as well as anyone else wishing to brush up on leadership skills.

Skills addressed:

- Regional, State, and National Resources for your Local
- Best Practices for Communication, including meeting how-tos
- Recruiting and Managing Volunteers
- Weingarten (representation & advocacy) Rights

"I left with several ideas to begin using! Sometimes, it is the little things we can do that make a big difference. Thank you for a very well organized and beneficial morning!"

I honestly feel that all [sessions] were equally beneficial to me at this time. I'm new to being a building rep, so it was all useful!

"I thought the workshop was well done and worthwhile. I liked how it was broken up into different parts with different presenters."
