

SUMMER 2019

Tentative Dates and Opportunities

Summer 2018 went fast! It's already time to start planning ahead to 2019 so that we can have the best summer ever! Together, with some planning and hard work, we can make some incredible events and trips happen, but we need you to be that "go getter" for a recipe for success.

What are your hopes and dreams?

What kind of fundraising do you want to do?

How much work are you willing to put forth?
