

February 28, 2019

1:00 pm – 5:00 pm

Austin Riverside Campus

Building 200 Room 1A-1

Purpose

The purpose of the discussion is to learn how to improve the safe mobility of older citizens on our streets and roads. Participants will learn about Texas-based programs, such as CarFit, that address the issue and how to access and implement them. Information on initiatives in other states will also be presented.
