

July 13, 2020

Hi. After speaking with clients like Churches and other schools, I have put together a number of items that may be of use to you. Some you have thought about and some maybe not. It's a large selection and you probably won't need them all but I wanted to lay out some choices. Masks, for instance, come 3 ply disposable, 5 ply KN95, N95 as well as reusable masks in both cotton and polyester. Hand sanitizers come in various sizes. There are many moving parts when it comes to prices so there are none. Too many variables for all the individual scenarios. I hope you understand. Some will be decorated, some will be blank. Some will be bought in 100's, some in 1000's etc. We can move to specifics after your choices are made. Prices are down from 6 weeks ago. Take a look around and let's have a conversation. Thank you. Be Safe.

Disposable Face Mask

Item number: BKQEN-NRVOW

This is an FDA Class I (general controls) disposable MEDICAL FACE MASK designed for single-use wear.

Colors: Bondi Blue

KN95 Face Mask

Item number: PFRDR-NROIY
