Dear **(Senator or Representative)** **(Insert Name)**,

I hope that you and your family are safe and well.

I am employed at **(add your company name here)** located at **(add the company address here)**. I am writing to ask that you vote in support of SB438. This bill establishes state and local procurement policies intended to promote the use of American materials.

This legislation will allow the New Hampshire steel fabrication industry to fairly compete for taxpayer-funded construction projects instead of that work going to foreign businesses. In addition, the passage of this legislation will add local jobs, generate needed tax revenue for government services, and create economic activity for many sectors of the New Hampshire economy.

I appreciate your consideration here and would be happy to answer any questions you might have

Sincerely,

**(Your Name)**
