May Challenge: Educator Engagement

We're excited to kick off our May Educator Engagement Challenge, designed to bring even more meaningful learning experiences into your classrooms!

This month, we're combining a few powerful ways to engage your students:
📺 Watching MarcoPolo Learning videos in the classroom
🧠 Using CLASS-aligned resources to support high-quality interactions
🎯 Leveraging Guided Mode to intentionally pace lessons and prompt meaningful discussions

How to participate:
Throughout the month of May, incorporate videos, CLASS-aligned resources, and Guided Mode into your lessons. Guided Mode helps you pause, ask questions, and extend learning in the moment, making your instruction even more interactive and impactful. The more you engage with these tools, the more you enhance student learning while aligning with best practices! ✨

🏆 The educator with the highest overall engagement using videos, CLASS-aligned resources, and Guided Mode will win a prize bag!

We can't wait to see all the amazing learning happening in your classrooms this month!
