

June Challenge: Family Engagement

Summer is here, and we're excited to kick off our June Family Engagement Challenge! 🌞📚

As families settle into summer routines, this is the perfect time to encourage learning, exploration, and meaningful moments at home with MarcoPolo For Families! Small moments of engagement can make a big difference in helping children stay curious and connected all summer long. 🌈✨

Our June goal:

Help families stay active in MarcoPolo For Families throughout the month of June by encouraging them to:

- ★ Watch engaging educational videos
- 🎮 Play foundational learning games
- 💖 “Love” videos to activate the Let’s Talk feature and spark meaningful conversations at home

How to support family engagement:

1. Log into MarcoPolo For Educators
2. Click “My Class” at the top right
3. Click “Students” on the left-hand side
4. Click “Add Child” to add new students
5. Click the gear icon to remove students who are no longer in your class

Why participate?

Summer engagement helps children continue learning, build confidence, and stay connected to important foundational skills before the new school year 🌞📚💖

Let's make June a month of curiosity, connection, and summer learning fun!
