## Market Alerts

**Avocados** – The prolonged shortage of product out of Mexico continues to keep pricing high. Quality is good on what product is available. Supplies are expected to drop even further at the end of July, when California's harvest is finished. We recommend you limit use where possible.

**Lettuce** – Conditions are slowly improving on head lettuce. Quality is good to fair, and pricing is higher than normal. **Green Leaf Crowns, Romaine Hearts and Pre-Cut Product** are the best overall values.

**Red Bell Peppers** – Light harvests out of California and Baja have increased pricing on **Red Bells**. Quality is good.

**Asparagus** – Supplies of larger sizes of Asparagus are tight, due to dry conditions and slow harvests out of Mexico. Quality is good, but pricing is higher than normal, with **Standard** being the best value.
