

Sunday, January 31st is the Kick-Off of Catholic Schools Week. This year's theme is ***Catholic Schools: Faith. Excellence. Service.*** Catholic schools have a specific purpose to form students to be good citizens of the world, love God and neighbor, and enrich society with the "Good News" by being an example of faith. Since 1962, St. Patrick Catholic School has been committed to spiritual formation and academic excellence in an environment rooted in Catholic values and the teachings of Christ.

The school's commitment to serving others – we call it "Being the Light" – provides meaningful and consistent leadership and community service opportunities to our students. We believe service is an essential component to developing St. Patrick's students into compassionate, respectful young adults. St. Patrick's, a pillar in the Carlsbad community, is proud to instill faith, leadership and knowledge in our youth.

Now more ever, St. Patrick Catholic School is committed to serving and providing our community with educational options. Most of our students attend in-person school, while still others choose distance learning for those families who need it. The safety of our community is of utmost importance and St. Pats has implemented many layers of mitigation to keep our community safe from COVID-19. Through this most important partnership between school and home, St. Pats has been able to deliver in-person learning since August.

Due to the ongoing pandemic, interest in St. Pats has been very high, as we are one of the few schools in North County offering in-person instruction five days a week. St. Patrick Catholic School is currently enrolling for the 2021-2022 school year. If you would like to learn more about our parish school, please visit our website: www.stpaddys.org or call the school office 760-729-1333 to schedule a tour. We look forward to hearing from you.
