

# Baby Bottle Drive

## Dates: July & 25

**T**hank you for helping Mom's facing an unplanned pregnancy by participating in a **Baby Bottle Drive fundraiser for Birth Choice.**

Birth Choice provides FREE life saving services and referrals to women with unplanned pregnancies. Birth Choice also offers FREE workshops on sexual Integrity, Prenatal, Parenting and After Abortion Care. ***Birth Choice is a pro-life non-profit ministry and we receive no government funding.***

You are making a quick impact by your support. Baby bottles will be available after Masses on **July 24 & July 25**. All funds received will support Birth Choice, a pregnancy resource center and Women's Mobile Clinic. Please take a bottle and fill it with cash, change or checks. *(Make checks payable to Birth Choice).*

Once filled, the bottles can be returned and dropped off in the black collection bins at the entrance to the church over the next couple of weekends or brought to the office if during the week.

This is an excellent way to promote the dignity of the unborn to our families and church community and to learn the value of participating in serving others. Each ultrasound is an expense of \$150 to Birth Choice, please help us balance that expense with a generous donation. **70 percent of women who are seeking an abortion and see their baby through an ultrasound choose life!**

**Your contributions do save lives. Thank you!!**
