MINISTRY UPDATE FROM DEEDEE WILSON

Over 90 new InterVarsity staff visited Madison, WI for their June orientation.

New staff on the loose

Campus ministers catalyze gospel movements among students and faculty. As we long for God to bring revival, these lively souls prepare for fall outreach. It's our joy as a "Pit Crew" to accelerate their work and cheer them on!

Some will plant in new corners of 772 campuses with InterVarsity groups. Others aim to plant on new campuses toward our goal of 2,500 by 2030. All seek partners in prayer and ministry to offer Jesus' hope they've experienced.

Who are you sending?

InterVarsity believes every college or university student, faculty, and staff who follows Christ is called to make

a difference. August is a great month for any church to commission them as missionaries preparing for fall.

Every Campus Sunday and your church

Any local church with students can commission them for God's work on campus with this 15-minute program, video, and bulletin insert. Why not forward this resource to your pastor now?
