

# Share Your Success Stories!

In true ANCA fashion, we want to make sure to give members the opportunity to share what has been a success at their site. The presentation would focus on how other sites could take your experience and implement it at their site. Here are some ideas to get you started:

- ✓ Fundraising success the rest of us could try
- ✓ Have you done program assessment that has worked?
- ✓ Do you have success with distance learning or virtual tours?
- ✓ How do you work with local school districts?
- ✓ Developing partnerships with other agencies
- ✓ Building membership; bringing in inactive members

These are only a few examples. If you would like to fill one of the three sessions for the afternoon, please email your topic with a description to [ldunn@wetlandcenter.com](mailto:ldunn@wetlandcenter.com). If you have any questions, please call 972-474-9100.
