

Stark County Youth Led Prevention

presented by...

Child & Adolescent
Behavioral Health

Stark County Youth Led Prevention (SCYLP) is a youth-led, adult-guided leadership development group focusing on promoting and celebrating healthy lifestyles. This collaboration was created to empower students to impact their schools, neighborhoods, and communities. We are looking for youth that want to make a positive impact on the world around them.

Eligibility

- Youth ages 14-20
- Individuals interested in living a drug- and alcohol-free lifestyle
- Enthusiastic, responsible, and motivated youth

Group Goals

- Organize youth led events
- Create community projects and resources
- Advocate for a more positive Stark County
- Participate in community events and rallies
- Encourage and empower peers

Youth Benefits

- Looks great on a resume or college application
- Develops leadership abilities
- Counts towards volunteer hours
- Safe space for socializing with like minded peers
- Promotes positive mental health and self care

School and Community Benefits

- Encourages a drug and alcohol free life style for the youth in your school
- Builds a positive atmosphere that will be reflected at home and in the classroom

Regular SCYLP group meetings are held every other Wednesday from 5:00 – 6:30. Additional meetings, events, location, and schedule changes will be announced via social media. Youth and facilitators enjoy a complimentary dinner, spend quality time with peers, and collaborate on youth initiated projects. Now more than ever, youth need a safe and positive environment to spend time with peers. We encourage you to share SCYLP with the youth in your life!
