

Be a Hero to Individuals with Disabilities by joining The League Fund G.E.M. Club!

F.A.Q.

Join The League Fund G.E.M Club, our monthly giving program, today to support our mission of offering individuals the opportunity to gain independence, increase self-sufficiency and to improve the quality of life all year long. Because *together, we are able!* As a member, your generous monthly donations can provide services, supplies, and support for individuals like Medical Day participant, Jackie Jones (pictured right), who continues to come to The League for time with friends, support, and to strengthen her creativity and artistic talents. Join this group and *Give Every Month* to support The League! Like the communities we serve, our team needs support, too. Currently, there is a significant gap between the amount the government pays for program service fees and what it costs for The League to offer the kinds of high-quality services our participants deserve. Together, we're able to bridge that gap by making up that difference. With your support for The League Fund, we can continue to:

- **Be an Employer of Choice:** The League is committed to recruiting and retaining a highly trained team capable of providing quality services and producing positive outcomes for all of our participants.
- **Maintain and Improve The League's Campus:** The League is committed to creating an encouraging and welcoming environment through its multiuse campus, the home to several of our programs and participants.
- **Offer Engaging Virtual Services:** The League is also committed to meeting the growing need for virtual and hybrid programming by developing engaging curriculum and providing the tools and training to enable our participants to thrive in the world's new environment.
