

ALLIED HEALTH PROGRAMS

St. Petersburg College

ALF Core Training

Learn Florida laws, rules and ALF administrator's guidelines necessary to run a licensed ALF Core facility. Course includes a 4 hour Level 1 ALF Alzheimer's Training certificate, Administrator's guidebook, marketing regulations, nutrition guidelines, laws, rules, forms necessary to operate an ALF. This course provides a certificate upon completion to sit for the state ALF Core Administrator's Exam.

Local Anesthesia: Dental Hygienist

This course will provide instruction to safely and effectively select and administer local anesthetic agents. This course is specifically designed to obtain your Florida certification.

Clinical Health Coach

Combining an online Clinical Health Coach training and CMA Program enables students to work in a clinical setting with an emphasis on patient-centered care through a proactive and holistic coaching of patient care. Hybrid online and lab 16 week program and 80 hour externship.

I.V. Therapy 32 Hour Course: LPN's & RN's

This course will provide nurses and post-graduate nursing students with a basic knowledge of I.V. therapy practice. This program meets the 30-hour I.V. therapy education requirement set forth in the FBON Nurse Practice Act for LPN's practicing I.V. Therapy in the State of Florida, including all required content and mandatory hands-on practice. RN's are encouraged to complete the program as a refresher; or as a primer for new RN's. It is a blended form with 28 hours of online work and one 4 hour lab.

Certified Personal Fitness Trainer

This course prepares students to become a certified personal fitness trainer. Students meet one day a week for 6 weeks at a gym and complete corresponding online coursework. Students are Level I Certified and eligible for Level II Externship Certification upon completion.
